Legal Aid

On 14th September, 2006 again at Ramwadi slum area, the sequel to making poor women aware of their legal rights was carried out by the students of ILS Law College. Even though there was a sudden thundershower that afternoon, they were instrumental in collecting about 50/55 women of that slum area and presented two skits for creating awareness regarding dowry (hunda?) as well as how unionism came about to protect the rights of the havenots. Director Rtn Ramesh Arora attended this socially relevant programme. The next one is scheduled for 24th of this month and our members should attend at least one of these programmes to see for themselves how these ideas are conveyed to the uneducated women of such areas.
